

# Radio Control Sport Flyers

AMA Gold Member Club #1160

[www.RCSportFlyers.org](http://www.RCSportFlyers.org)

**Mission:** To promote model aircraft building and flying as a family oriented hobby, to freely and openly share what we have collectively learned and experienced, and to provide an enjoyable, friendly and safe environment for our fellow hobbyists and guests.

## ANNUAL CLUB ACTIVITIES

**Club Meetings:** The first Thursday of each month at 7:00 PM, May - October at Longview Field, and November - April location TBA. Meetings usually begin with a very informal "dinner." Guests are very welcome.

**Annual Summer Fun Fly:** The first Saturday in June (June 5, 2010) at Longview Field. Come spend a day of spectacular flying and fun at one of the area most beautiful flying sites. All types and sizes of R/C aircraft will be flying from the very small to the huge (almost 50% the size of a full sized plane). Aerobatics, 3D, silent and loud. Raffle prizes.

**Annual Carnival Fun Fly:** The second Saturday in August (August 14, 2010). Fun competitions and games interjected with open flying include the "blind" team taxi scramble, bomb drop, balloon pop, limbo, etc. Many games are novice friendly. Prizes for most events and a raffle.

**Annual Fall Electric Fun Fly:** The last Saturday in September (September 25th, 2010). Kansas City's only outdoor even dedicated to electric flight. This event is open to all R/C electric planes and Helis. Raffle prizes.

**Annual Club BBQ:** Fall social event for club members, their families, and guests.

## FREE OPEN TRAINING NIGHTS

**Tuesday and Thursday Evenings Beginning April 7th, 2010.**

**Radio Control Sport Flyers** has a great group of very experienced and patient pilots who are excited to help you learn how to fly - *for free!* You will receive instruction on proper field entry/exit, frequency control, courtesy, and safe operations of our flying site. You will be shown how to do a pre-flight inspection of your plane and basic engine operations and maintenance. One of our instructors will test fly your plane for the first time before flight training starts. Basic flight training includes straight & level flight, level turns, climb & descent, approach, go around, take off and landing. Most of what you learn will come from the examples given to you by your instructor and practice, practice, practice!!!

Required Items for Training:

- Trainer Aircraft with radio and field equipment.
- Transmitter and plane operation manuals.
- *AMA and Jackson Co. Parks Permit*

RCFS will supply Buddy Boxes (training boxes attached to your transmitter). Download the training manual from the RCSF web site. Training begins around 5:00 p.m. or when the trainers get off work. Simulator practice is strongly recommended.
